RHEUMATISM comes from poor digestion, stomach troubles, torpid liver, weak kidneys and a general

sluggish condition of the system. Food souring in the stomach poisons the blood-it becomes too acid. The liver and kidneys fail to act properly, and the circulation is clogged with impure matter and burning acrid fluids

which penetrate and saturate the bones and muscles, joints and nerves, producing the terrible pains and aches and other disagreeable symptoms of Rheumatism. As it originates in the blood and affects the whole system, it will not

It was an hour after break of day when Cardner discovered Franklin at work in a back window. The shooting began at once. The Pittsburg police say they have noticed Franklin about for some une, and the fact that he refuses to give any address in New York lends weight to their theory that he is not a New York man, but a Western crook, whom they have in mind.

#### Hemenway Will Be Senator.

For over four years I suffered intensely with Sciatic Rheumatism. The Rheuma-

tism first troubled me in my hip, then spread to my shoulders, head, and finally all over my body. I became such an in-

do to depend on liniments and other external remedies. Such treatment is helpful, but the blood must be restored to a pure, healthy state before the cure is per-

manent. When S. S. S. has driven out the impurities and built up the thin, acrid

blood and stimulated the sluggish organs to better action, the cure is thorough and lasting. The feverish, excited nerves then are soothed and the muscles relieved of the torturing tension, and the whole system is restored to its former healthy state.
